

WILL BOOST THE CATTLE BUSINESS

Publicity Bureau to Start a Campaign in an Effort to Make Ogden the Cattle and Sheep Center of the Intermountain Country — Ogden Is in the Heart of the Livestock Region.

The United States forestry service has just supplied the Weber club a map showing the national forest reserves on which cattle and sheep are grazed in Utah, Idaho and Nevada. According to the map and the statistics furnished, there are 3,361 sheep and 389,600 cattle grazed on the forest reserves in that territory. The fact remains that those sheep and cattle have to go to market and they have been going to market via "the long haul" in the past.

O. J. Sullivan, head of the Weber club publicity bureau, states that he believes that the packing industry in this city could be greatly stimulated if some plan could be worked out whereby the stock grazed on forest reserves in this territory could be shipped to Ogden markets.

ODD FELLOWS ELECT OFFICERS

The grand lodge, I. O. O. F. of Utah, and the Rebekah assembly in session in Salt Lake completed the business of their sessions and adjourned sine die late yesterday afternoon. The annual sessions of 1912 will be held at Provo in April, the exact date not yet being designated.

In the grand lodge, a movement was broached to deprive past grand masters of the privilege of voting at the sessions of the grand lodge. After a heated discussion the proposition was defeated by a vote of 73 to 28. Most of yesterday's session was devoted to the fraternality.

Officers for the ensuing year were installed by retiring Grand Master P. P. Christensen as follows:

W. H. Brecken, Provo, grand master; W. L. Snyder, Salt Lake, deputy grand master; John H. Hornung, Mantle, grand treasurer; P. A. Simpkin, Salt Lake, grand secretary; A. Stewart, Sandy, representative to the sovereign grand lodge; Roy Watson, Salt Lake, grand marshal; T. H. Watson, Jr., Payson, grand chaplain; Charles Hansen, Eureka, grand conductor; Charles McClure, Tremonton, grand messenger; Olaf Holmstead, Lehi, grand guardian; D. J. Cook, Bingham, grand herald.

The following standing committees for the year were announced: Printing—P. A. Simpkin, W. O. Corbin and J. J. Thomas. Transportation—P. A. Simpkin, Charles A. Walker and H. C. Rawlins.

Arrangements for next session at Provo—Ephraim Homer, H. E. Boebe, W. H. Lepper, Ralph Archibald and John Morley.

A feature of the session of the Rebekahs yesterday was the memorial service in memory of those members who had died the past year. The ceremony was held in the afternoon.

The memorial oration was delivered by Jonathan Melton. There were also vocal and instrumental musical numbers interspersed.

Mrs. Jennie Blukard, retiring president, installed the following officers for the ensuing year:

Mary E. Sudheimer, Salt Lake, president; Sarah Hadley, Murray, vice president; Gertrude McClure, Tremonton, warden; Minnie Korupkat, Logan, treasurer; Clara I. Moore,

Salt Lake, secretary; Elizabeth Morris, Salt Lake, marshal; Stella Stewart, Moab, conductor; Jessie Reynolds, Stockton, chaplain; Lena Lehman, Monticello, inside guard; Rose Smith, Nephi, outside guard.

Last night the "Muscovites," a purely social organization, bearing the same relation to Odd Fellowship that the Mystic Shrine does to the Masonic fraternity, held a ceremonial session at which fifty neophytes were initiated.

WRIGHTS 37th Anniversary SALE.

IN spite of the snow and cold, crowds of shoppers have thronged the store all day -- it has been one of the busiest days we have known for a long time--tomorrow and Saturday will, of course, be busiest days. Prudent women will not allow a little thing like today's storm to keep them from the savings which this sale offers, and if you will come here tomorrow and Saturday, you'll find crowds of shoppers in every department.

Notice to Those Who Registered

We find that the plate coupons which we mailed Tuesday evening had not been delivered by Wednesday evening, as we had arranged. Most of these coupons were to be redeemed on Thursday. If, therefore, your coupon reads, "To be presented on Thursday, April 18th," and you receive it too late to be presented that day, it will be honored on Friday or Saturday. Present coupons at desk on Second Floor.

THOROUGHbred JACKS

JAPANESE BOOK PAPER.

The Japanese paper, which has been found so useful in the making of books that would if ordinary book paper were used be too bulky for convenient handling, is a distinct variety, having little in common with the American made product. It has a strength of fiber that cannot be produced here, and as it is handmade it is much more costly than any other kind. This paper is made from the bark of certain Japanese plants, which is cut up into strips, some of which may be a yard long. These strips are then tied up into bundles and put to soak in a weak solution of lye, by which they are softened sufficiently to be worked without breaking.

OUR NATIONAL CORPORATION LAWS

A service of vast importance is being rendered to the country at the present time by the senate committee on commerce, in its hearings upon the whole subject of the regulation and control of large business enterprises. Senator Cummins of Iowa is chairman of the sub-committee that is conducting these hearings. Senator Clapp of Minnesota is chairman of the full committee. The Sherman anti-trust law, as it now stands, and as it is interpreted by the courts, is protective neither of big business nor of little business. It has afforded no satisfaction nor relief to the smaller competitors of that trust who were instrumental in having the suit brought. No one need fear that the small business man, or the plain citizen, would suffer anything even from the absolute repeal of the Sherman anti-trust law. It will not, of course, be repealed in any case without the substitution for it of something that would afford a vastly better protection to every citizen and to every kind of legitimate business enterprise. But even if it were repealed with no federal law to take its place, there is some reason for the view that every one needing protection or remedy would find himself as safe under the common law as he is at present under the so-called Sherman statute. It would be absurd to think for a moment that we have not enough sense in the United States to reform our corporation laws, differing as they do in half a hundred states. The time has come when no corporation, great or small, should be allowed to do any interstate business whatsoever until it has complied with rules and regulations setting a national standard at least as high as the corporation laws of England or of the state of Massachusetts. A step of this kind would remedy a great part of our existing business troubles.—American Review of Reviews.

A CAUTIOUS CHOICE.

"A man of your energy and talents should take an active part in politics," "No," replied Mr. Dustin Stax. "I prefer big business. In politics when you decide to forget the details of a transaction some one is sure to pull an old scrap book on you."—Washington Star.

FLAT CAR IS HIT BY A TRAIN

The Cache Valley express, which left Salt Lake City for Ogden at 4:15 o'clock yesterday afternoon, met with a jar at a point near Hot Springs, near Salt Lake, about fifteen minutes later, that chilled all of the passengers for a few seconds. No one was hurt, however, and the damage done was not great. A flat car that had been left in the

clear by the workmen was shifted in the way of the engine. The engine caught the corner of the car, twisting it badly and damaging the engine slightly.

LABOR NEWS OF ALL COUNTRIES

Two Daily Papers to Be Started by the Labor Unions of London—Many Labor Papers Established in the United States.

Iowa miners demand a weekly pay of \$10.00. Twelve thousand words will make 1,000 lines, so there are 3,000 pounds of energy to be added to the 12,000, making 15,000 pounds of energy expended—which compares pretty well with the stoker's 20,000, all things considered. A really fast operator would push the expenditure of energy up to 25,000 pounds or more.—Mexican Herald.

Kingston, Canada, plumbers demand \$3 for an eight-hour day. Street railway employees of Calgary, Canada, are to build a summer resort. Building Trades of Worcester, Mass., have formed a Building Trades Council.

During the year about twenty new labor papers have been established in this country. The Pacific District International Longshoremen's Association comprises fifty-six locals. The first protest against convict labor was made by a convention of mechanics in Utica, N. Y., in 1834.

The entire State of Illinois reports but 8,077 children under 16 at work, in all Ohio there are but 9,919 children regularly at work. The Canadian Government proposes to restrict the working hours of the street railway men to six days of ten hours each day.

Pittsburgh, Pa., Typographical Union is circulating a petition to repeal the new mortality law which was adopted in November, 1911. The child labor laws and the child labor commission of Oregon are almost exclusively the work of the Oregon State Federation of Labor.

The total amount paid in sick, disability and death benefits by the Boot and Shoe Workers' International Union during the last year was \$30,000. Aberdeen, Scotland, teamsters are agitating for a sixty-four week, payment for Sunday all around, and an increase of 50 cents per week in their wages.

Dundee, Scotland, mill operatives to the number of 15,000 are on strike. Builders' laborers in Toronto, Can., have a union membership of 1,400.

TYPEWRITING AND SHOVELING COAL. The girl who is operating a typewriter does appear to be doing very heavy physical labor, as compared with the brawny individual to a stoker who is shoveling coal into a huge furnace, but this is one of the many instances in which superficial appearances are deceptive, as a comparison of the force expended by the two will show.

The stoker may be credited with handling one ton of coal per hour, or eight tons per day, plus the weight of his shovel. Adding the shovel to his 17,000 pounds of coal, he expends about 20,000 pounds of energy.

For each key struck on the typewriter there is an expenditure of something over three ounces of energy, or, say, one pound to the average word. A fair operator will average 1,500 words an hour, or in eight hours 12,000 pounds of energy. To throw over the carriage for each new line requires on an average three pounds

A NOTED DOCTOR SAYS:

Everyone should use some little antiseptic powder in the shoes. Confusing the feet in shoes, is in itself unnatural and causes a moist or smarting condition. People of refinement now use daily, Allen's Foot-Ease, the antiseptic powder to be shaken into the shoe, and would as soon go without a dentifrice as without the use of Allen's Foot-Ease.

LOCAL COURT DECISION IS REVERSED

The supreme court yesterday handed down three opinions, affirming the lower court in two instances, and reversing and remanding the judgment in the remaining case. The last-named was in a suit brought by Elihu G. Neighbor against the Pacific Realty for that amount being granted in the district court at Ogden. The case is sent back to the lower court with instructions to award the defendant \$100 as commission on a sale made

and obtain a full accounting for the price received.

The case wherein Mrs. M. E. Smith, another of State Senator Benner X. Smith, was awarded a verdict against the Columbus Buggy company through the Consolidated Wagon & Machine company, was affirmed. Mrs. Smith purchased for the sum of \$1,650 an electric runabout and when the machine did not come up to representations, brought suit for principal and interest, receiving a verdict of \$1,875.23, and this judgment is now affirmed.

Judgment was affirmed in the case of the Charleston (Utah) branch of the Z. C. M. I. against A. W. Allen & Bros. This was a suit brought to collect on a promissory note and an open account. The court upheld the former ruling that defendants must pay \$220 on the former and \$1,091 on the latter.

GRADUATION DRESS IN OGDEN

At a meeting of the Board of Education Wednesday evening the contract for framing 50 large Corbin steel engravings for the public schools was let to the Ogden Furniture company for \$130.

The board discussed the recent smallpox scare, read a report to the effect that 23 cases of smallpox had been reported within recent weeks, and decided that steps should be taken to prevent another outbreak.

Vaccination will be encouraged, if not made compulsory, in the public schools, hereafter.

In the matter of the purchase of graduation dresses by the girls of the senior class, the board decided that economy ought to be the watchword, and the various members of the board agreed to encourage economy in that respect. It is the belief of the board that graduation dresses could be made more simple and more beautiful and yet less expensive than they have been in the past. The second and final appropriation from the state school taxes, a fund amounting to \$22,191, was received.

The next call for school taxes will be filed with the assessor before May 1. It is expected that the amount secured in this way this year will run close to \$125,000.

CHILDREN IN OPERETTA

"The Princess Chrysanthemum," a high class children's operetta, will be presented in the Orpheum theater on Monday, April 22, under the direction of the Ogden City public schools. The chorus and principals include six hundred children, representing all the grade schools of the city except the Sub-High school. The children are well drilled and well trained; and their songs, combined with their pretty costumes and decorations, will make a very pleasing effect.

The matinee performance will begin at 2:30 o'clock Monday, April 22. The evening performance will begin at 8:15 o'clock of the same day. The following is the program in the order of appearance:

The Princess Chrysanthemum, By C. King, Proctor. Given by the school children under the direction of Marilla Hunter. ACT I.—Scene—The Emperor's Garden. "Strike the Gong and Sound the Symbols." Chorus of 600 children. "The Golden Butterfly." Chorus of 600 children. "Top Not, the Court Chamberlain." Vivian Pickett. "Wave the Flags and Banners Gay." Chorus. "Which Shall It Be?" Chorus. "Princess Chrysanthemum." Josephine Shorten. Attendant Maidens—Rhoda Junk, Thelma Thaum, Marjorie Gowans, Elizabeth Seppich. Descriptive Scene. So-Sil and Saucer Eyes Dance—Pupils of Lewis School—(Under direction of Miss Breech). Entrance March of Emperor—Chorus. "I Am the Emperor What-for-Wh?" Joseph Fife. "Lullabye" Land.
